About Us

Founded in 1956, Age-in-Action is the body representing older persons and has NGO member organisations who provide regular, vital services to all older persons in need of care and support.

- To initiate and promote programmes aimed at advancing the status, wellbeing, safety and security of vulnerable and needy older persons.
- To provide community-based health care services for frail, bedridden, vulnerable and needy older persons.
- To initiate prevention and educational programmes on HIV/AIDS for older persons.
- To provide empowerment programmes for vulnerable and needy older persons visa viz, adult education.
- To conduct relevant social research so as to provide and initiate effective interventions.
- To compile relevant publications and disseminate information relating to older persons.
- To initiate and implement intergenerational programmes
- To lobby and advocate for the rights of older person

Community Development

Provide information and training to NGOs to ensure compliance and optimal utilisation of material resources and long-term sustainability.

HIV/AIDS & Pandemic Support

Promote a better understanding and awareness of HIV/AIDS and identified pandemics, its causes, symptoms and prevention. Information and training are offered to equip older persons who are in most instances called upon to care and who are at risk of infection.

Community Care

The implementation of training programmes for social health care at grassroots level which will ensure adequate care for the frail and disabled within communities and simultaneously provide job opportunities

Assistive Devices

Provide carers with the necessary equipment and aids to lighten the burden of care.

Healthy Ageing

Training programmes for recreational activities and physical exercise have been ongoing to ensure optimum functioning of older persons, both physically and mentally.
